About

Passionate Front-End Developer with a strong focus on building scalable, responsive, and user-friendly web applications using modern technologies such as React, TypeScript, and Tailwind CSS. I also bring Full-Stack experience with Node.js (NestJS/Express), Prisma ORM, and SQL Server.

I thrive in dynamic environments and enjoy collaborating with cross-functional teams to turn complex requirements into elegant, maintainable code. I'm eager to continue growing as a developer and contributing to impactful projects.
